

# FOCUS ASSURED ENERGY PROCUREMENT

With so many energy suppliers and contract types to choose from, it can be tough to make the right decision. Our independent experts will help you compare quotes and get the best deal for you.

## FIXED AND FLEXIBLE CONTRACTS

*We work with all types of energy contracts and we use our expertise to help you determine which is most suitable for your business.*

### FIXED

A fixed energy plan means that your unit rates stay at one price for the duration of the plan. These contracts are suitable for customers of all sizes and energy requirements.

### FLEX

Flex contracts enable businesses to purchase blocks of energy over a period of time. These contracts are suitable for customers with larger energy volume requirements.

## OUR THREE STEP PROCESS

*Our three step fixed procurement journey is designed to be as simple as possible, meaning that you're free to get on with your day job.*

1

Send us a signed letter of authority (LOA) on your headed paper and a copy of your energy bill.

2

As you approach your contract end date, we'll tender the market and present the best prices to you in our simple format.

3

You decide which contract you want to go with – and that's it! Our client services team will be in touch once your contract goes live.

## WHY FOCUS ASSURED?

### INDEPENDENT PRICE COMPARISON

We have strong relationships with over 20 energy suppliers, including some that don't work directly with the public, ensuring that you always get the most competitive rate available at the time.

### EXPERT CONSULTANCY

Energy is our passion and we use our expertise not only to help clients save money, but to guide them in the best solutions to drive efficiency and achieve their overall business goals.

### COMPLETE TRANSPARENCY

Our commitment to transparency means that we actively help our clients to avoid any nasty hidden charges and unlike many of our competitors, we'll always be upfront about how we get paid.

### FRIENDLY ACCOUNT MANAGEMENT

We don't forget about you when your contract goes live. Over the course of the contract you'll have a dedicated, UK-based client services representative who will make sure everything runs smoothly.

### TOTALLY HASSLE FREE

We make the whole process really easy for you. All you have to do is send us a signed letter of authority (LOA) on your headed paper and a copy of your energy bill – we'll handle the rest.
